Say "bonjour" to a bite-size detangling brush and mirror compact! Milk + Sass' Macaron for Hair® is the Parisian-inspired hair accessory that is every bit a novel as it is functional. Part high-end detangler, part compact mirror, and all around chic, the patented Macaron for Hair brings a fun, fashionable, and travel-friendly edge to the typical detangling brush.

- Milk + Sass' smart radial bristles are strategically placed at varying heights to allow for gentle detangling in half the time of traditional hairbrushes. That means less breakage, less headaches, and (hallelujah!) less frizz.
- Macaron for Hair was made for every hair age, type and texture, be it wet or dry, curly or straight, thin or thick, natural or synthetic, young or mature.
- The petite and lightweight design makes Macaron for Hair ideal for travel and On-The-Go styling.
- The pop-on/pop-off cover works double-time as a bristle protector and compact mirror.
- Macaron for Hair is ergonomically designed for optimum comfort and balance in any hand.
- Inspired by Paris and designed in California, Macaron for Hair boasts a signature velvety touch and an iconic shape available in a rainbow of "flavors," including Rose Petal, Raspberry Blue Mint, Black Licorice, Mint Framboise, Marie-Antoinette Blue Turquoise, and Lavender Peach Rose.
- Suitable for women, men, teens, and kids alike.
- Price: \$12.99
